

Guidelines for graduate students' seminar

1. In the first semester; selected original article will be reported.
2. In the second semester; research proposal of student will be present.
3. There are 30-35 min presentation and 10-15 min Q&A for each student's presentation.
4. The requirements of selected original article and research proposal presentation are listed as following.

The requirements of selected original article and research proposal presentation are listed as following

- 1. Publication date of the original article that selected by Ph.D. student has to be within one-year before presentation. The SCI impact factor of the article is > 5 point, or ranking within 10% of the subject categories.**
- 2. Publication date of the original article that selected by Master student has to be within one-year before presentation. The SCI impact factor of the article is > 5 point, or ranking within 20% of the subject categories.**
3. The selected article has to be confirmed and signed by student's research advisor with the impact factor and ranking clearly marked.
4. The presentation will be evaluated and signed by attending professors in the evaluation form.

5. One photo has to be taken in presentation with the attendees. Later, the copy of photo will be attached with the evaluation form for record usage.
6. The research advisor of that student has to be present in the class. Otherwise, no credit of student evaluation will be given.
7. Student has to invite the professors by e-mail or phone that are listed for same class days before presentation.
8. Student has to prepare reading material (copy of article) for those professors in the class with Abstract in Chinese (as the format). Additional copies of abstract are also provided for other students.
9. The student has to assign a modulator for his/her presentation to better control the timing of presentation and Q&A section.
10. The student has to prepare the evaluation form (5 copies or more as needed) in both semesters for him/her own grade. After the class, the PPT file need to be uploaded to iLMs. Class credit will not be given to student that incompleteness of uploading their PPT files.
